

Seeks To Marry Girl of 14; Oil Man Is Arrested

Herbert Juhel Faces Charge of Child Stealing; Hearing June 8

Charged with child stealing, Herbert Juhel, Long Beach oil worker, was arrested in Moneta Wednesday, pleaded not guilty, and was scheduled by Justice of the Peace Patterson for preliminary hearing on June 8. It is asserted that Juhel sought a marriage license in Los Angeles and Santa Ana and that his prospective bride was a 14-year-old girl. The arrest was made by Constable Taber.

Miss Johnson Has Midnight Supper

After the senior play last Friday evening Miss Vivian Nelson entertained at a delightful midnight supper complimenting the girls of the cast. The guests included Miss Jessie Lee Oden, Miss Addie Brock, Miss Florence Weber, Miss Merle Richey, Gene and Knute Weber, Percy Bennett, Harry Linderman, W. K. Weber, Mr. and Mrs. Weir Atwood, Mr. and Mrs. Jack McKinney, and Mr. and Mrs. Fred Nelson.

Memorial Day to Be Observed Here

Simple but impressive programs will be presented at all the schools Friday in commemoration of the nation's dead. All stores and places of business in Lomita will be closed next Monday.

Parent-Teacher Officers Named For Next Year

Mrs. W. E. Laven Is Elected President at Tuesday Meeting

Mrs. William E. Laven was elected president of the Torrance Parent-Teachers Association at the election held Tuesday afternoon. Mrs. George P. Shidler was elected first-vice president; Mrs. Frank Clark, second-vice president; Miss Gladys Walling, secretary; Mrs. H. M. Tolson, treasurer; Mrs. J. H. Milburn, historian; and Mrs. Susie Confer, auditor. Immediately after the election the new officers were installed and Mrs. Laven took the chair for the remainder of the session. Mrs. Berry's room won the prize for attendance at the meeting for down stairs and Miss Mowery's room for upstairs.

A communication was read from the County Board of Health stating that they had made an inspection of the Pueblo at Torrance and found it in a sanitary condition. At the close of the meeting tea and sandwiches made by the cooking class, were served.

An inspection of the uncompleted Torrance building was made and from what could be seen of the Auditorium and from the plans the members agreed that Torrance will have the prettiest Auditorium in the Los Angeles school system if not in the whole state. During the session Mrs. Shidler took occasion to thank all the past officers and chairmen for their help during the past year.

Alumni to Give Dance Saturday

Members of the Lomita-Narbonne Alumni Association promise a good time at their dance, to be held in Odd Fellows hall, Redondo boulevard, next Saturday evening, May 29.

Everyone knows that the floor is good. The Redondo Lions Club orchestra will furnish the music, and that'll be good, too. Don't miss it.

Contest Enters Second Period; Race Is Close

(Continued from Page One) declared winner of first honors. Wishing will not win for you. You can "wish" all day long, all week long. It takes something more than wishing to make votes.

Five Points to Remember
Second payments on subscriptions given earlier in the campaign will count for thousands of votes while the second period schedule is in effect. Contestants and subscribers alike should keep in mind the fact that "second payments" will NOT count for extra votes during the final period in the campaign. The next 12 days is the time to benefit and benefit BIG by the second payment schedule. If you don't fully understand the "second" payment arrangement, call on the campaign manager for further instructions.

New Subscriptions
During the second period, 20,000 extra votes are allowed with every new one-year subscription while in the third period only 10,000 will be given.

The next 12 days will count bigger than any other time during the remainder of the election. This is the last BIG CHANCE candidates have to secure votes on the double quick. For this reason, the winning votes for the two big motor cars and the other valuable awards must be secured now, before Wednesday, June 9.

100,000 Extra Votes
One hundred thousand extra votes are given with every club of \$24 worth of subscriptions turned in. Small subscriptions count up fast in votes as close as the race now stands, much importance should be attached to the number of clubs secured now, while the second period vote offer is in force.

Important Days
The second period vote offer ends Wednesday night, June 9. The extra votes of 20,000 for new subscriptions ends the same day at the same hour. The entire campaign ends just 13 days later.

Snappy dancers, tuneful songsters and jolly jesters will entertain you at the Folies Cabaret, June 4-5, high school auditorium.—Adv.

Board Puts Guards On Santa Fe Action

(Continued from Page 1)

7—That all crossings of tracks at streets be maintained by the railroad company with the same material used on the streets and to the satisfaction of the city engineer.

SEEK THROUGH STREET
8—That the company grant the city permission to extend Sonoma avenue across the company's right of way to make this a through highway. This street is now paved up to the Santa Fe right of way on both the east and west sides of the track. The company owns the right of way.

9—That the company deed to the city the southerly 60 feet of Blocks 1, 2 and 3, Tract 4070, so that El Dorado avenue may be made a continuous thoroughfare.

10—That wig-wags be placed at all crossings deemed necessary by the Board of Trustees.

11—That all property in Torrance belonging to the C-C.

M. O. or the Santa Fe be included in the Torrance city switching limits.

12—That existing pipe line franchises in the territory be unaffected by the proceedings.

13—That these guarantees be accepted by formal resolution of the directors of the Chancellor-Canfield Midway Oil Company and that notification of the passage of such a resolution be signed by the proper officers of the company and presented to the city of Torrance.

The trustees feel that they have requested nothing out of reason and that they have at the same time represented the interests of Torrance from the standpoint of the present and the future.

There's a whale of a good time waiting for you at the Folies Cabaret, high school auditorium, June 4-5.—Adv.

Burglars Hold Up Two Places Sunday Night

Keystone and Wilmington Scenes of Pair of Robberies

Burglars made their getaway after two holdups in the harbor district last Sunday night.

When John Crumrine, a clerk at the District Court of Appeals, returned to his home at the corner of Figueroa and Wilmington streets at Keystone late Sunday night, he found a burglar prowling about the house.

In the fight that ensued Crumrine was wounded and found himself locked in a clothes closet. Then the burglar calmly resumed his work. Crumrine reported that the intruder had escaped with \$25 and two gold watches.

Junior 500 Club Luncheon Guests

The Junior Five Hundred Club was delightfully entertained at a luncheon recently by Miss Levonia Geist of Redondo boulevard.

Members present were Alice Ruffraff, Maybelle Thompson, Pety Weaver, Hazel Johnson, Effie Eade, Lois and Lucille Pangborn, Elizabeth Fite, and Encie Koskela.

Mrs. Thompson and Mrs. Geist substituted for absent members.

Everybody says "It costs so little to Own and to Operate"

CHEVROLET

Although it is bigger, and more rugged than other low-priced cars, Chevrolet has a world-wide reputation of costing less to own and to operate. This reputation has been won, first, by the longer life, slower depreciation, and freedom from repair that result from Chevrolet's modern design—and, second, by the oil and gas economy of Chevrolet's powerful valve-in-head motor. Hundreds of thousands of Chevrolet owners will tell you that this car is not only powerful, speedy, comfortable and smart appearing—but that you can enjoy its exclusive advantages at a cost which is lower than you imagine. Get a demonstration and let us show you why this is true.

OBSERVATIONS

(Continued from Page 1)
If the federal government is going to legislate away all the ills of the nation, then let us cancel our state governments and cut down the overhead. From some dim corner of our mind comes the impression that this nation took its name—the United States of America—as significant of the fact that a number of states are united for common purposes but with certain individual rights. Perhaps we are wrong. If so the nation should change its name.

Portland cement concrete is the aristocrat of paving

Los Angeles Tunes in on the Voice of Destiny

From one end of the state to the other, Destiny is broadcasting a warning to the thriving, fast-growing cities of California. It is telling these cities that new and greater floods of traffic are on the way, and that to withstand this traffic, sturdy streets must be built—and built now. Among alert communities giving ear to this warning is Los Angeles. Los Angeles already has more concrete streets than any other city in the country, and is extending its mileage of this permanent type every year. One of the most important for 1926 construction is Pico Boulevard. When completed this will be one of the best paved streets on the Pacific Coast. It has been designed for modern traffic in accordance with advanced practice of highway building. Width will be from 34 to 68 feet, and its seven mile stretch is to be paved entirely with portland cement concrete. Other California towns and cities can make large savings on paving construction and repair during the years ahead by following the example of Los Angeles.

Property owners and local authorities can get the detailed story of Los Angeles' plan of modern paving by writing this office. Also ask for your copy of our free booklet on "Concrete Streets."
